Division of Aklan

Dear Dr. Aposin:

Foremost, we would like to express our heartfelt gratitude for your positive response to our request regarding the use of available classrooms (including facilities and equipment) in each municipality as venue for the training of our hired census personnel to be held on August 10-15 (1st Batch) and August 17-22, 2020 (2nd Batch). Indeed, it would be a big help in the effective conduct of the training with such a conducive and suitable place for learning like a classroom setting.

However, in the latest communication we sent to you, inadvertently, we fail to mention our need for one available space in school that will serve as the temporary hub for our personnel while the census is being conducted. Basically, this is imperative so that our census field workers will have an avenue to meet and discuss concerns they have encountered and to safely keep their accomplished census forms before completely transmitting them to the provincial office.

In view of this, we would like to ask permission from you to allow us to use, temporarily, any available room in school, preferably one that is located in the central area, to serve as the headquarter of our census personnel starting on August 10-September 30, 2020. This will be manned, primarily, by our designated PSA personnel, area supervisors, and clerk who will be deployed in each municipality.

During the stint of our occupancy, we would like to assure you that we will responsibly uphold and protect the property of the school, abide with the rules and regulations, and comply with the required health protocols to avoid the spread of the current debilitating disease.

For your reference, we have attached worksheet that contains relevant information pertaining to this request.

Thank you for giving this matter your favorable consideration and approval.

Very truly yours,

ENGR. ANTONET B. CATUBUAN
